NOTICE

Dear Students:

Welcome to new normal on the eve of re-opening the Chittagong Independent University (CIU) post lockdown due to COVID 19 pandemic. Our first concern and priority is your sound health when we opened the CIU Campus as per directives of the Government of Bangladesh. While you are on campus; you **must always wear the face mask, maintain social distancing and use hand sanitizer** even when hands are not visibly dirty. Govt. officials, i.e., team from the Ministry of Education, UGC, district administration etc. may visit the campus anytime to assess and report the health and hygiene measures; if they find any violation, they may force the CIU authority to close down the campus again. We expect that you all abide by the rules of the university in this regard. Respected faculty members of the CIU are requested to read out this notice to their students in the classroom.

Thanking you.

Yours sincerely,
With prior approval of the CIU authority

Cumar Doyel DEY
Deputy Director, Administration
