NOTICE

Dear Students:

We are on the verge of re-opening the Chittagong Independent University (CIU) post lockdown due to COVID 19 pandemic. Our first concern and priority is your sound health when we opened the CIU Campus as per directives of the Government of Bangladesh. While you are on campus; you **must always wear the face mask, maintain social distancing and use hand sanitizer** even when hands are not visibly dirty. Most importantly, CIU authority strongly recommends and encourages our students to get vaccinated. This Coronavirus Vaccine will no doubt protect you and vaccination will allow you to attend classes on campus. **Only students with 2 (two) doses of COVID 19 Vaccine will be allowed for attending physical classes at CIU campus.**

DGHS declared that **NO DOCUMENTS NEEDED TO GET COVID SHOTS**. Citizens eligible to receive Covid 19 vaccines would be able to get their 1st (first) jabs without any registration or documents in any centre across the country from now on. We request you to seize the opportunity, if you are not vaccinated yet.

We expect that you all abide by the rules of the university in this regard. Respected faculty members of the CIU are requested to read out this notice to their students in the classroom.

Thanking you.

Yours sincerely,
With prior approval of the CIU authority

Cumar Doyel DEY
Director, Administration
